Varda Landing Sausalito, CA 94965

Dear Eric,

On behalf of NVidia Corporation, it is with great enthusiasm that I extend our formal invitation to you as the first member for our Technical Advisory Board. As a member of our technical advisory board, you have the opportunity to influence the direction of NVidia's technology and products. Your knowledge of VR technology and industry will be of great value towards creating the ultimate VR engine for the PC.

In addition to influencing the technical direction of our company, I am confident you will find the corporate goals of NVidia to be very exciting. Whether it is the opportunity to redefine the "fabless" semiconductor model, creating a new architecture, developing a compelling new product, or simply making every PC VR-ready, you will surely find the journey with us a worthwhile one.

As a key member of our development team you will share in the anticipated success of our company. It is my pleasure to offer you a stock option of 25,000 which vests over 4 years.

Join the NVidia team and help us become a significant force in the multimedia computing industry. I look forward to your favorable reply.

Sincerely,

Jen-Hsun Huang
President & CEO
